Statement of Conditions

This kit has not been authorized under the rules of the FCC and is designed to allow:

{1} Product developers to evaluate electronic components, circuitry, or software associated with the kit to determine whether to incorporate such items in a finished product. {2} Software developers to write software applications for use with the end product. This kit is not a finished product and when assembled may not be resold or otherwise marketed unless all required FCC equipment authorizations are first obtained. Operation is subject to the condition that this product not cause harmful interference to licensed radio stations and that this product accept harmful interference. Unless the assembled kit is designed to operate under part 15, part 18 or part 95 of 47 CFR Chapter I - FCC, the operator of the kit must operate under the authority of an FCC license holder or must secure an experimental authorization under part 5 of the latter chapter.

DevKitty is an educational tool for authorized auditing and wireless security purposes only where permitted subject to local and international laws where applicable. Users are solely responsible for compliance with all laws of their locality. LyndLabs LLC, and affiliates claim no responsibility for unauthorized or unlawful use.

DevKitty is a trademark of LyndLabs LLC. This product is packaged with a limited warranty, the acceptance of which is a condition of sale. See LyndLabs.io for additional warranty details and limitations. Availability and performance of certain features, services, and applications are device and network dependent and may not be available in all areas; additional terms, conditions and/or chargers may apply. All features, functionality and other product specifications are subject to change without notice or obligation. LyndLabs LLC reserves the right to make changes to the product's description in this document without notice. LyndLabs LLC does not assume any liability that may occur due to the use or application of the product(s) described herein. Made & designed in the US by LyndLabs LLC. Distributed by LyndLabs LLC.
